During the summer months Reservoir Hill is a popular strolling place for a large contingent of the younger set. The umbrageous foliage, quiet nooks and secluded retreats, together with the beautiful and enchanting panoramic view presented to the eye, is rather enticing to those of a romantic turn of mind. Yesterday the hillside was dotted here and there with goodly numbers.

Maysville is soon to lose two of her best known citizens. Dr. and Mrs. R. E. Markham, the osteopaths, after a four years residence here, are preparing to locate at Wilmington, N. C., and will leave for that point about May 15th. Not only in a professional way will the Doctor and his estimable wife be missed. During their stay here they have become popular in quite a large circle of friends, who, while regretting their departure, will wish them unbounded success in their new location.

One of the largest flocks of wild ducks seen in this section for years was sporting in the river in front of the city yesterday noon. There were probably two hundred or more in the flock. Among a number of gentlemen, who observed them, there was one enthusiast who placed the number away up in the hundreds of thousands. Strange to say he was duly sober and sincere in what he said. It would have been great sport if some of the local crackshots of the Bluegrass Gun Club could have got a whack at them.

See the new Cut Glass at McCarthy's.

The High School Baseball Club downed the East Enders Saturday by a score of 13 to 12.

Mr. Edgar Taulbee, nephew of Dr. J. B. Taulbee and son of the late W. P. Taulbee, has been appointed Cadet to West Point Military Academy and went to Ft. Thomas yesterday to pass his physical examination.

## HORSE GETS GAY

Mr. Charles Humphreys Comes Off With Some Severe Bruises

Mr. Charles Humphreys, aged 56, together with Andrew Smith and a Mr. Keobel, were driving to the country Saturday night and when opposite the water trough in the Fleming pike the horse attached to the buggy scared at the lights of a Gypsy camp and began rearing and kicking.

The vehicle was demolished and the occupants more or less hurt. Mr. Humphreys was severely injured, being kicked in the side, on the leg and hands. He was brought to the city and taken to the Grandview Hotel, where he was attended by Dr. L. Brand.

He is the father of Mrs. James Brown of the county, but his condition will not permit of his being removed to her home.

To add to his trouble a tramp painter, named John Thomas, employed by a local firm, entered Mr. Humphreys's room Sunday morning and stole a lady's gold watch from his vest pocket.

The fellow was captured by Chief Ort before he had time to dispose of his swag, although he had tried at several places to sell it for a small consideration.

Cartmell extracts teeth without pain.

The Daughters of the Confederacy will meet with Mrs. M. W. Conlter at the St. Charles Hotel tomorrow.

Mr. George W. Childs has rented the building of Mr. A. R. Glascock, adjoining his present location, and will move his cigar factory into it as soon as necessary alterations are made.

Mr. W. G. Sanborn, formerly of this city, now of Berkeley, Cal., writes to Mr. John Duley that the earthquake did him little damage beyond the breaking of bric-a-brac and nearly all the movables about the house. He says the general damage is beyond comprehension, but that new cities will rise on the ruins of the old ones.

The Appellate Court sustained the contention of Commonwealth's Attorney W. A. Burkamp of the Campbell Circuit Court that the Circuit Judge of a District is without authority to send a stenographer into a Grand Jury room for the purpose of taking notes of the evidence presented, or for any purpose, while the Jury is making an investigation.

## TOOK A DIVE

Colonel Ben B. Poyntz Went a-Sailing On the Ohio

Colonel and Mrs. Ben B. Poyntz were out boating yesterday afternoon. The natty little launch was skimming along like a swan, so gracefully did she sit and split the water.

Mrs. Poyntz was handling the tiller and the Colonel was standing on the rear platform pumping water into a barrel that supplies the machinery.

When opposite Sutton street the boat lurched, and losing his equilibrium the Colonel took a high dive and came down head first into the turbid water. Mrs. Poyntz turned the prow of the craft to go to his rescue, but being a strong and expert swimmer he struck out for shore, some twenty-five yards distant, after first regaining his hat which came off in the shuffle—which he reached in safety, but somewhat disconcerted from his unwilling douse into the river.

If the Baseball "standing" was standing on its head, the Cincinnati Club would be right up next to the roof.

EDITOR M. O. WILSON of The Vanceburg Sun will have the sympathy of his brethren of the Press because of the death of his beloved wife. Only a few years more, Brother, and you shall meet again!

GEORGE! And the Cincinnati Sheriffs have for years been "grafting" 33 1/3% from the Cincinnati Newspapers that printed the Sheriffs' Advertisements. Down there a public office was indeed a soft private snap.

With the elongated ordinance on brick streets, the lengthy report of the Committee to contest the legislative gerrymandering of Kentucky, and one long but interesting letter yet to come, THE LEDGER has been pestered of late for space.

CONTRIBUTORS to THE LEDGER are respectfully requested to be brief. If you can't be brief, please be as brief as you can. The Advertiser is the only fellow to whom this doesn't apply; but even he had best "look a leedle out," for the pressure is becoming so great, and the subscription list is becoming so large, that I'm thinking of limiting the size of yearly advertisements—less space at the same price—after January 1st next, when the paper may be given a complete new dress, an improved appearance, and an increased amount of local reading matter.

ALREADY the stock gamblers are framing up a "panic" on account of the San Francisco calamity. One of the great needs in this country is a Vigilance Committee in Wall street—one of those Courts that executes a fellow and tries him afterwards.

Why, of course; and the only wonder is that they waited so long, and that the advance is so very reasonable—

NEW YORK, April 25th.—Insurance men here say they will raise the rates 200%, and it may be more in the near future, to make up for the San Francisco losses. The increase will be uniform throughout the country.

Why don't you make it two or three thousand per cent., gentlemen hogs, and be done with it?

THAT San Francisco will be rebuilt, grander and more beautiful than ever, is a foregone conclusion. The American spirit is not the spirit that falters in the face of calamity, and the San Franciscans are Americans. Already, even before the embers have died out, preparations for rebuilding are being made; in a few years there will rise at the Golden Gate the most magnificent city in the Union, and to further beautify the new city, and to give it a distinction possessed by none other in all the world, THE LEDGER suggests a Memorial Temple. The outpouring of money for the relief of the sufferers has been unparalleled, already reaching probably \$20,000,000. Vast sums are yet to be sent. And it is likely that many hundreds of thousands of this money will be unused for actual needed relief. Let this unused sum—the greater the better—be set apart for the building of a magnificent Temple, devoted to public uses, and in that Temple, in tablets of brass, let there appear, arranged by sections or states, the name of every country, corporation, society or individual who contributed for the relief of the stricken city of the Pacific Slope. Such a building would serve a two-fold purpose—it would be a most attractive feature in the new-born city, and it would be a monument to the spirit that prompts the relief of distress.

The Carnegie Steel Company will give precedence to orders for material for the rebuilding of San Francisco.

FALSE ALARM!

And There Were No Burglars to Reward the Search

Thursday night about 11 o'clock, when the stars were scintillating and twinkling, Colonel George Griffin was about to enter his abode in Sutton street and retire to his virtuous couch, when his attention was attracted to the opposite side of the street.

"Hi, there! is that you George?" came a voice from out of the shadow.

"Yes, what's the matter, Doctor?" at the instant recognizing Dr. Yazell as he stepped out from behind a tree on the sidewalk.

"Hist, burglars; come over."

The Colonel, ever accommodating, especially when one is in peril and aid is needed, walked across, when the Doctor related his story.

"I was about entering my office when I noticed a man hiding behind that tree," pointing to one opposite a nearby residence, "and I stepped into the vestibule of my door to watch his maneuvers. As I did so he raised the cellar door," designating the spot, "and went in, lighting a match as he did so. He is in there now, I am sure."

It was decided that George should go post haste in search of a guardian of the night while the Doctor stood guard.

He had not gone far up Second street until he met Officer Ryan, to whom he related what the Doctor had told him. The two returned to the place of disturbance. In the meantime, County Attorney Slattery, who was returning from a call on his best girl, and Councilman Andy Clooney, who had been detained by an animated meeting of the Social Club, appeared on the scene and were pressed into service to do guard duty, while Officer Ryan was assigned the unpleasant and dangerous task of hearing the burglar in his lair.

After a thorough search, by the Policeman, of the cellar with a tallow dip, and taking in all the cobwebs in the place and arousing the owner of the premises, it was discovered that it was all a mistake, with no burglar in the play at all.

It was this way: Mr. —, who occupies a portion of the house, had attended the show at the Washington. When he reached home he discovered that in changing his apparel for the rest of the night was to gain an entrance by way of the cellar route, which he proceeded to do when discovered by Dr. Yazell.

When the denouement came the Doctor disappeared into his nearby home, Colonel George wended his way across the street and renewed the threads of life left off at the keyhole in his door; Messrs. Slattery and Clooney faded away in the distance, repeating in soft, silvery tones—"all's well that ends well." The Policeman was left standing by himself, no doubt colloquizing—"what fools we mortals be."

The Senate Privileges and Elections Committee, by unanimous vote, authorized Senator Foraker to report favorably the Tillman Bill to prohibit insurance and other corporations from contributing to campaign funds.

The anthracite miners have submitted two more propositions to the mine operators with a view to a settlement of the wage question. Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructive ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are far enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female illness, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties."

"My oldest daughter found it very beneficial for a female trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength."

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular periods, bloating (or flatulency), weakness of organs, displacements, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound. If advice is needed write to Mrs. Pinkham, at Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. No other living person has had the benefit of a wider experience in treating female illness. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

CALEB POWERS FREE

Treated For a Few Hours Like He Was Human, Anyway

For the first time in six years Caleb Powers, for nearly a year confined in the Newport Jail, breathed the fresh air of freedom Saturday.

Accompanied by Deputy Marshal Emmett Orr, he went to Cincinnati and had his eyes examined by a well known oculist. Later he dined with Mr. Orr at the Stag Cafe, where he was recognized by a number of friends.

Every time Mr. Powers was taken from one Kentucky Jail to another by the Gorbelties he was shackled and handcuffed as though he was a desperate character.

Saturday, in another and more friendly state, where he was as free as air, Mr. Orr realized that there was no more likelihood of an attempted escape than if Mr. Powers were a free man, privileged to come and go at will.

For months Mr. Powers has been troubled with his eyes. He will probably have to visit the Cincinnati oculist again within a week or ten days.

The stupendous work of building a model city to accommodate 100,000 people was begun a few days ago, when 100 wood-cutters were set at work clearing a 6,000-acre tract on the shore of Lake Michigan in Lake county, Ind. One of the industries of the new city will be a \$10,000,000 steel mill, the largest in the world.

River News

The gage marks 17.4 and falling.

The Kanawha towboats are laid up on account of a scarcity of coal.

The harbor at Pittsburgh has a supply of empty coal craft at present.

When the Sprague left Louisville on her last trip she had in tow fifty-seven pieces, including five fuel boats, the aggregate cargoes of the boats and barges amounting to 49,190 tons, and she made the run of 1,600 miles to New Orleans in the remarkable time of ten days and eight hours, including time lost in laying by at night, bad weather and delays in running bridges. She is now on her return North with thirty-five empty coalboats and two barges loaded with lumber.

GOOD NEWS

FOR YOU!

We have vehicle news for you that is too good to keep. You know all material is higher than ever before and still climbing. Perhaps you think this will make our prices too high for you.

You are mistaken. We bought at the old prices, and will sell accordingly. These prices indicate what our vehicles are worth to us only. You will find them worth much more to you. Our stock is larger and more varied than ever.

What's your need or fancy? We have it at a price you are used to, and quality that you are not used to for the money. Your dollar will stretch like rubber, doing extra duty on a vehicle purchased from us. Now is the time, when the stock is new and full, to drop in and look around before the best things have been picked out by the early bird. You'll get a lot of beneficial information. Even if you are not in need of anything, you are just as cordially invited and will receive the same painstaking attention.

There is more Catarrh in this section of the  
country than all other diseases put together, and  
until the last few years was supposed to be incur-  
able. For a great many years doctors pronounced  
it a local disease and prescribed local remedies,  
and by constantly failing to cure with local treat-  
ment, pronounced it incurable. Science has  
proved Catarrh to be a constitutional disease and  
therefore requires constitutional treatment. Hall's  
Catarrh Cure, manufactured by F. J. Cheney &  
Co., Toledo, O., is the only constitutional cure on  
the market. It is taken internally in doses from  
two drops to a teaspoonful. It acts directly on the  
blood and mucous surfaces of the system. They  
offer one hundred dollars for any case it fails to  
cure. Send for circulars and testimonials. Ad-

and daring young scapegraces.

## HEALTH TO HOME-COMERS

### Every Citizen a Committee of One— Hospitality Is a Kind of Adver- tising That Pays

The success of the Home-Coming reception  
is assured beyond all doubt. In its general and  
public aspects, it will be all that the most ex-  
acting could ask. The energetic Chairman of  
the Committee on Organization and his faithful  
executive committees have almost completed  
the work to which they were assigned.  
But this is not enough. It is expected that  
every individual citizen shall put his best foot  
foremost. This is one of the obligations of citi-  
zenship at this time. Give open hand and the  
open door.

The men who left Kentucky in the fine old  
days ante bellum, carried with them impressions  
of their early home which time has but served  
to deepen. These cherished conceptions of Ken-  
tucky life have lost nothing in the traditions  
which exiled Kentuckians have transmitted to  
their children.

In the golden "forties" there were four thou-  
sand and faithful Negroes, servants and laborers,  
distributed through the homes of Mason county.  
There was abundance, prosperity and comfort  
everywhere. Every homestead in the county was  
an educational center, since every family of any  
pretension had its library, and children had the  
advantages of the best schools. Leisure, means  
and opportunity conspired to make every home  
circle a center of culture, diffusing perpetual  
charm. There was no place upon the broad  
earth at that time where social life upon the same  
plane was more delightful. There was a cer-  
tain elegance in the life, too, that has never  
been surpassed, even in this day of miscella-  
neous receptions and variegated "leaves." In  
commercial parlance, there was "no discount"  
upon good breeding then.

If here and there one found an unscrubbed  
"scrub" or a burly boor it simply served to  
heighten the contrast between vulgar rusticity  
in scattered patches and the easy, high-bred  
social charm which was then uniformly diffused.  
In confirmation of these claims for that old time  
society, we should like to republish the admir-  
able letter from a highly cultivated New Eng-  
lander which appeared in one of the Maysville  
papers just after the war. As a youth he had  
mingled familiarly with the community that he  
described. Even our old "aunties" and "uncles"  
reflect in their manner the good breeding of  
that day.

But the practical question is, Shall, we as  
families and as individual citizens, allow the  
Home-Coming Kentuckian to return, disillusioned  
and possibly disgusted, to the higher attractions  
of his adopted home?

Despite the preparations of the military and  
civil authorities in Paris against an outbreak  
on May 1st there is much trepidation among the  
people. Many are leaving the city and others  
are laying in emergency supplies.

Thirteen were killed and a number seriously  
injured by a tornado which swept over the lit-

razed every business building, fire broke out and  
completed the work of destruction. Only four  
houses in the place are reported to have escaped  
destruction or injury.

love a well bred nag you owe the John Rob-  
inson Shows a visit, for they have the finest col-  
lection of thoroughbred stock ever carried by a  
tent exhibition and the outlay has been a gen-  
erous one judging from the number and quality.  
Every grade of horse is represented, from the  
east coast Arabian to the smallest of Shet-  
land Ponies and the American stud book con-  
tains many names of racers and hunters which

est and richest tented show.

The advance printing tells of their coming  
for two performances on Monday, May 7th, and  
the usual capacity business will be the order it  
is safe to predict.

## DANGER IN DELAY.

**Kidney Diseases Are Too Dangerous  
for Maysville People to Neglect.**

The great danger of kidney troubles is that  
they get a firm hold before the sufferer recog-  
nizes them. Health is gradually undermined.  
Backache, headache, nervousness, lameness, sore-  
ness, lumbago, urinary troubles, dropsy, diabetes  
and Bright's disease follow in merciless suc-  
cession. Don't neglect your kidneys. Cure the  
kidneys with the certain and safe remedy, Doan's  
Kidney Pills, which has cured people right here  
in Maysville.

M. C. Chisholm, Constable in District No. 2,  
living at 343 East Second street, Maysville, Ky.,  
says:

"Doan's Kidney Pills positively cured me of  
kidney trouble and I do not hesitate to give them  
the strongest kind of recommendation. I had  
been troubled with too frequent action of the  
kidney secretions and it disturbed my rest nights.  
Having my attention called to Doan's Kidney  
Pills I procured them at J. Jas. Wood & Son's  
Drugstore and I noticed an improvement in my  
condition from the start. My trouble was soon  
entirely cured. This was some five years ago,  
and I have had no return of it since. Anyone  
suffering from difficulties arising from disor-  
dered kidneys can make no mistake by using  
Doan's Kidney Pills."

For sale by all dealers. Price 50 cents a box.

for the United States.
